About

Cream Catering Events is formed by mother and daughter duo Sue & Mia, and specialises in providing personal touches to your events and weddings.

Cream Catering was initially started by Sue in 2007, catering for businesses and corporate companies. Since then the company has grown and now caters for a wide variety of events throughout Yorkshire.

Mia runs a Graphic Design company, 'Iconic Design', which designs a wide range of elements for businesses throughout the UK, she has been doing this for 6 years now. Previously she worked as a freelancer and has extensive experience in design, styling and art-direction.

Combining both specialities they have developed Cream Catering Events, which is born from Mia planning her own wedding, finding it difficult to work and manage all the different vendors & prices. With this in mind we decided to develop Cream Catering Events as a full service company for your food, decoration and design.

Testimonials

Have a read of some of our feedback...

“ Cream Catering Events went above and beyond for our event; from the very first conversations and initial planning, right through to the set up and delivery on the day of the event, they were professional, organised, and incredibly thoughtful in the details - they ensured that the catering, service and décor worked seamlessly, and that our guests were very well looked after throughout the event. They put so much thought into ensuring that the menu and selection of refreshments was perfectly suited to our guests needs and the occasion, and they handled all dietary requirements with the up most care. They have a real passion for what they do and were an absolute pleasure to work with - I can't thank Sue, Mia, and the Cream Catering team enough!”
